Philip Barnard, Interface Consulting senior vice president and a principal consultant, is a 30-year veteran in the construction industry. As a former contractor and Assistant Director of Public Works for the City of Houston, his background includes multimillion-dollar construction projects, heavy civil and bridge construction, and project management for facilities and municipal projects. Mr. Barnard specializes in conducting claims analyses, damage assessments, dispute resolutions, and schedule analyses and provides comprehensive litigation support as a management consultant and expert witness.
